PROFESSIONAL PROFILE

Experienced Web Developer with over 15 years of hands-on experience designing, building, and optimizing websites for performance, SEO, and user engagement. Highly skilled in creating and managing websites on WordPress, Wix, and Shopify, with a strong focus on responsive design, speed optimization, and user-centered functionality.

Proficient in front-end technologies, including HTML5, CSS3, and UX/UI best practices. Adept at translating design concepts into clean, functional web experiences using tools like Figma for wireframing and prototyping. Demonstrates a deep understanding of SEO and analytics to drive visibility and improve performance across digital platforms.

Recognized for strategic thinking, attention to detail, and the ability to merge technical development with aesthetic design. Committed to delivering modern, visually engaging, and high-performing websites that align with brand goals and user needs.
